INLEAD's

Australian Healthcare Bridge Program

The Indian Institute of Learning & Advanced Development - INLEAD, an endeavour of Primordial, and a partner of the National Skill Development Corporation, Ministry of Skill Development & Entrepreneurship, in association with its Australian education partners, has launched an Australian Healthcare Bridge Program (AHBP) to provide trainings to Indian youth on Australian Level-III Certifications; English language skills; on-job-trainings related to the selected job-profile; and cultural orientation, to help the enrolled students qualify for employment in Australia and secure sponsorships to join designated sponsoring employers across specific role profiles in the Australian Healthcare industry.

INLEAD AHBP

is a training program enabling qualified nursing professionals to further their skills and qualify for working full-time in a professional environment in Australia while paving the way for shaping, developing and transforming their career and aspirations!

Professionals who complete AHBP have an opportunity to secure an offer of employment from designated sponsoring employer!

Program Eligibility

Youth between 21-35 years of age holding B.Sc. Nursing or ANM/ GNM Diploma from a recognized institute approved by the nursing council of the home country & 2-years of relevant work experience

The AHBP Advantage

Aspiring to study and work in Australia is an ambitious dream which requires determination, commitment, and skills more than just the basic domain expertise. INLEAD has therefore created a comprehensive program that encompasses trainings across Australian certifications; IELTS language skills; job-role related technical knowledge; social & cultural values; as well as on Australian work-ethics to prepare the youth for Life in Australia.

INLEAD, in association with its Australian Partners, helps students *shape* aspirations, *develop* skills, and *transform* careers!

Conditional Offer of Employment for workplace-based training from a sponsoring organization in Australia within 6-weeks of commencement

Australian Level-III Certification theory orientation in India followed by practical training and certification in Australia*

Comprehensive coaching to help clear IELTS Band-5 and coordination with IDP for facilitating examination at designated test centers

Opportunity* to secure firm Offer of Employment from the designated sponsoring employer in Australia at a salary ranging from of AU\$ 67,000~73,000 per annum with post-arrival assistance in settling down

Option* of furthering higher education by way of Level-IV Certifications & Australian Diploma; thereby paving way for career growth and applying for permanent residency in Australia

* Subject to completion of program requirements and grant of visa under the designated category by the Australian Government

Live it Up! Down Under!!

The Commonwealth of Australia makes an excellent choice for learning; earning; and growing, both professionally and personally, and is highly ranked on all global indices as a Nation of Choice!

INLEAD invites you to consider enrolling in the Australian Healthcare Bridge Program based on the following advantages life in Australia offers –

- 01 Tremendous Work Opportunities:** Australia provides great opportunities for foreign nationals due to high demand for professionals in the Healthcare sector - particularly for Nursing & Care Services.
- 02 Professional Respect & Recognition :** Nursing & Care Services has consistently been rated as one of the most respected professions in Australia, thereby providing a thriving and rewarding work environment.
- 03 Safe Environment & Quality of Life:** Australia is a byword for stability and high quality of living standards with 29% of foreign nationals & 7.5 Million people from across the globe. It also provides a colorful, diverse and cosmopolitan life and a chance to become what you want to be!
- 04 Path to Permanent Residency:** An Australian work opportunity not only allows the spouse or common-law partner to work in Australia but with the prevailing regulations also paves the path to permanent residency.

Australia is a land of many opportunities: it is a young, multicultural and open country with an ever-growing economy making it the ideal destination for improving your future.

The Australian Workplace Employment Advantage!

The health care industry is one of the largest employers accounting for nearly 15% of the total Australian workforce. To fulfill the massive demand for healthcare professionals, the Australian Government has initiated immigration programs to permit International Healthcare professionals to work in Australia. Under this program, qualified professionals are permitted to work full-time with sponsoring organizations as well as pursue enhancement of their domain knowledge. This opportunity provides young people with excellent trainings, which they can immediately apply in the real world - thereby preparing them for gainful employment and a promising career worldwide.

Securing Sponsorship to Workplace Employment is one of the fastest and most economical way for working in the Commonwealth of Australia!*

No need for a deposit of nearly INR 10-12 Lakhs under a GIC Account which is mandatorily required towards migration for higher education

Option to apply for Permanent Residency (PR) and citizenship of Australia in due course of time based on the then prevailing norms and policies of the Australian Government

Opportunity to earn while getting trained on global standards of healthcare services, thereby paving the way for the option of clearing other international examinations for global mobility

Best-in-class benefits including social security; medical insurance; travel subsidy etc.

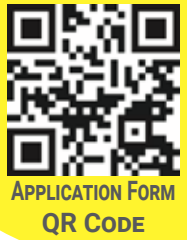

Easy eligibility criteria for work sponsorships, with just 2 years of relevant work experience & IELTS Band 5 as the minimum requirement to qualify

Officially recognized program with immediate earning of AU\$ 67,000~73,000 per annum with options of additional overtime compensation

* Enrollment to AHBP does not guarantee Employer Sponsorship or grant of Visa by Australian Government, which is subject to their discretion.

Get Started Today!
