INLEAD's

German Career Immersion Program

The Indian Institute of Learning & Advanced Development - INLEAD, an endeavour of Primordial, and a partner of the National Skill Development Corporation, Ministry of Skill Development & Entrepreneurship, in association with its German partners under the *Duales Ausbildungssystem* Program of the Government of Federal Republic of Germany has launched a German Career Immersion Program (GCIP) to provide trainings to Indian youth on German language skills; technical skill related to the selected job-profile; and cultural orientation, to help the enrolled students qualify for the German *Duales Ausbildungssystem* and secure offer to join a 3-Year Vocational Training Program across specific role profiles in the German industry.

Duales Ausbildungssystem

is a German training program combining theory and practice with the trainee being an employee of a German Company and a Vocational School student at the same time!

Most professionals who complete the Ausbildung Program get a permanent job with the same employer!

Ausbildung Eligibility

Youth between 21-25 years of age holding a Graduate Degree, or above, in program-relevant stream from an institution recognized by the Government of India

The GCIP Advantage

Aspiring to study and work in Germany is an ambitious dream which requires determination, commitment, and skills more than just the knowledge of the German language. INLEAD has therefore created a comprehensive program that encompasses trainings across language skills; technical knowledge; social & cultural values; as well as on German work-ethics to prepare the youth for Life in Germany. INLEAD, in association with the Duales Ausbildungssystem partners handholds the students through the entire life cycle of the process.

Choose from a multitude of job-roles in Germany across 17 disciplines such as Healthcare; Hospitality; Construction; Automotive; Telecom; e-Mobility; Renewable Energy; Information Technology etc.

Get trained on 'Made-in-Germany' technology and trainings imparted right here in India through expert faculty.

Get apprenticeship of choice with top German employers while learning new skills in the Vocational School.

Start earning €800-1000 / month on arrival in Germany with social security; insurance; subsidized boarding all taken care of by German partners.

Earn a German Diploma in 3-years on completion of the apprenticeship and get a job offer in Germany at up to € 3,200 / month.

Make it in Germany

The Federal Republic of Germany makes an excellent choice for learning; earning; and growing, both professionally and personally, and is highly ranked on all global indices as a Nation of Choice!

INLEAD invites you to consider enrolling in the German Career Immersion Program based on the following advantages life in Germany offers –

- 01 European Residency:** A German passport holder does not require any Visa to enter 173 countries, including Canada & the United States of America!
- 02 Tremendous Work Opportunities:** Germany provides great opportunities for foreign nationals to make a career in fields of IT, Telecom, Energy, Healthcare, Construction, Hospitality etc.
- 03 Safe Environment:** Germany is a byword for stability and high quality of living standards with 13% of foreign nationals & 10.6 Million people from across the globe.
- 04 Lifestyle & Open Society:** Germany is colourful, cosmopolitan and diverse offering a once in a lifetime chance to become what you want to be!

Germany will welcome you with open arms in bars & clubs, museums, cinemas and theatres.

The German Duales Ausbildungssystem *Advantage!*

Under the German concept of the *Duales Ausbildungssystem* or 'Dual Vocational Training System', students get vocational training in a vocational school as well opportunity to work in a Company leading to learning & earning opportunities simultaneously. The goal of this Program is to provide young people with excellent qualification and training, which they can immediately apply in the real world - thereby preparing them for gainful employment in the job market and training them for a promising career anywhere in the world.

Admission to the Duales Ausbildungssystem is one of the fastest and most economical way for studying and working in the Federal Republic of Germany

No need for a foreign government deposit of nearly INR 8-10 Lakhs under a Block Account which is typically required for working/ studying abroad.

Option to apply for Permanent Residency (PR) and citizenship of Germany in due course of time.

Award of globally recognized German Diploma with eligibility for pursuing higher education in Germany and the European Union. The German Diploma is highly sought after and recognized world over including in Canada and the United States of America.

Best-in-class benefits including social security; medical insurance; travel subsidy etc.

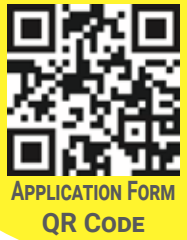

No prior work experience in the work area of choice or clearing of IELTS exam required for applying and being admitted to the Program.

Globally recognized program with immediate earning of €800-1000 / Month on arrival in Germany during the Ausbildung Program and opportunity to be employed in Germany at up to € 3,200 / month after program completion.

Get Started Today!
